Kirby,

Sorry for not responding faster. I was on leave and furlough last week. The document is attached.

Hi Kenneth,

I hope you are doing well. I appreciate your comments on the CSM and am incorporating them into our figures. I'm putting together a response document and was hoping I could get your comments electronically so I don't have to re-type them in my file since the document we received was a .pdf. Do you mind sending me the Word file that they are in please?

Thank you!

Best regards,
